PROPER ATTIRE

We request that students come to school wearing clothing that is appropriate and suitable for school. In cold or rainy weather, students must dress for outdoor play. Clothing or temporary tattoos featuring violent or offensive pictures or words or promoting alcohol/drug use, hatred towards others or disrespect are inappropriate for a positive school learning environment. CTE with the CTE Parent Advisory Council, considers the classroom a "place of business." Appropriate wear will be defined here as right and correct for the school setting and functions, conducive to learning, not distracting from or disruptive to the learning process, intimidating to others, make any other students or adults in the building uncomfortable. Therefore, beach wear' (e.g. bathing suits, tops with bare backs/midribs/belly buttons, short shorts, bare feet) is not appropriate. (NOTE: Students may be asked to change or cover up). Hats are to be removed indoors. Make-up is not appropriate for everyday student wear.

WE VALUE HONESTY

Students are expected to be honest to themselves and others. Openness and honesty promote positive relationships with students and staff at school. Dishonesty has a negative effect on a student's reputation and may affect the reputation of the school. Dishonesty also infringes on another person's right to be respected.

Students are expected to accept responsibility when they do not follow the Code of Conduct and make a serious effort to correct their behaviour so it doesn't happen again.

STUDENT USE OF ELECTRONIC DEVICES The purpose of using network services and digital technologies while in educational settings is to engage in responsible educational activities. Therefore, the use of personal technology devices, school technologies, and district network services requires students to abide by the school's Code of Conduct and procedures, as well as Central Okanagan Public Schools Policy 486: Student Use of Network Services and Digital Technologies.

Some examples of responsible use with district and personal devices include the following:

- **Act responsibly** when accessing technology and district networks, including the Internet in their school.
- Use technology equipment and property according to all applicable rules and with **care and respect**.
- Engage in **appropriate use** as directed by school staff.
- Respect the **safety and privacy of self and others** and do not provide personal contact information about themselves or other students.
- Treat others with **respect and kindness** when using digital devices and network services.
- Respect **resource limits** of the network services and do not engage in activities that jeopardize the integrity, security, or performance of the network.
- Understand the importance of **privacy and security** and take all reasonable precautions when accessing network services and digital technologies.

The use of Personal Technology Devices, School Technology, and District Networks is a privilege and usage may be revoked at any time for inappropriate conduct. Schools will not be held responsible for any misplaced, lost, stolen, or broken items brought to school by students. Use of network services and digital technologies which violate the terms outlined in policy and/or the School's Code of Conduct may result in serious consequences including definite or indefinite suspensions and/or police intervention.

Consequences

While most members of our school community conduct themselves in a positive and responsible manner, violations of our school's Code of Conduct may occur from time to time. We will take all reasonable steps to prevent retaliation against a student who makes a complaint about another student's behaviour. In responding to Code of Conduct violations, every effort will be made to suit the consequence to the violation/violator. Consequences will usually escalate as students get older. Special considerations may apply to students with exceptional (special) needs. **Consequences will often be restorative and focus on learning rather than being punitive.** An effort will be made to contact parents/guardians regarding significant misbehaviour. Details regarding the consequences assigned to offending student remain confidential between school, the student and the family.
